

The Winning Drive

It's All About Support

Winning Drive is a program that aims to help clubs improve their management and governance by educating those in leadership positions on the best practice operations for their clubs.

Bowls WA is hoping that clubs will embrace the Winning Drive program that aims to bring a structured approach to club development for bowling clubs in Western Australia as well as providing support to the country regions.

The Winning Drive is all about providing clubs with support and resources to enable their further development as well as assist in the operating of clubs.

Clubs will need to complete five things to become Winning Drive Certified, listed here. 

These five tasks aim to benefit clubs and provide them with the information and resources that will assist them with the present day running of their club as well as provide a solid platform of which to work off from for the future development of their club.

For more information please don't hesitate in contacting the Club Development Coordinator.
