6. SELECTION RULES FOR A GRADED PENNANT COMPETITION INCLUDING FINALS

Clubs will be held responsible in ensuring that selection decisions are consistent with the concept of a graded competition and be mindful at all times of the importance of the integrity of the competition in those decisions.

The Integrity Rule is in question when a player(s) is selected to play in a Lower Division when they should otherwise be playing in a Higher Division. If the objective of this selection is to strengthen the Lower Division to gain an advantage, then the Integrity Rule is deemed to have been breached.

Examples of strengthening a Lower Division to gain an advantage include:

1. Trying to win promotion to a higher division.
2. Trying to qualify to play in finals.
3. Avoiding demotion.

There may be cases where a perceived advantage may be gained by dropping a player(s) from a Higher Division to a Lower Division, but it is NOT considered a breach of the Integrity Rule. For example, where a pennant fixture for a particular game is re-scheduled so that it is not at its usual time or on its usual day. In this case, if a player(s) is not able to play in this re-scheduled game due to a legitimate reason such as work, study, family etc, then they should be allowed to play in a Lower Division without breaching the Integrity Rule. The key in this example is that the objective of the selection is NOT to gain an advantage, but to allow a player(s) to still play pennants in a Lower Grade due to legitimate circumstances that prevents them from playing in their usual division.

Note that the Integrity Rule is NOT intended to prevent players from being dropped due to a lack of form.

Clubs should be prepared to defend their Selectors' decisions. As such, the onus will be on the Club to mount a defence, rather than on the relevant Committee to prove that the Integrity Rule has been breached.

6.1 Selection Restrictions for all Pennant Finals

- (i) A player must have played a minimum of four (4) pennant games in that colour and/or division to be eligible for finals
- (ii) Where a club has two or more teams in the same colour a player must have played a minimum of four (4) pennant games in that side to be eligible for finals.
- (iii) Cross Gender Substitutes will not be permitted to play finals.
- (iv) A club may promote a player to play finals in a colour and/or division higher than their regular colour and/or division if they have played a minimum of four (4) pennant games in a lower division.
- (v) A club may apply to the Bowls WA Fixtures and Events Committee in writing to demote a player to play finals in a colour and/or division lower than their regular colour and/or division if they have not played a minimum of four (4) pennant games in the lower division only if not enough eligible players for that division are available or there are not enough players available from a lower division to be promoted.

Any club that believes a violation of the Graded Pennant Competition has occurred should put in writing their concerns to the Bowls WA Fixtures and Events Committee via their club secretary.

Alternatively, if the Bowls WA Fixtures and Events Committee believe a violation of the Graded Pennant Competition has occurred, they have the ability to investigate without a written complaint from a club.

Bowls WA have the grounds to declare a forfeit against the team of a Club where Bowls WA deems that the Club, without a satisfactory explanation to Bowls WA, is deemed to have played a number of regular players from a higher ranked team in a lower ranked team at any time during the pennant season, in a manner likely to gain an unfair advantage or to distort the rankings of the lower ranked grade.
