6. SELECTION RULES FOR A GRADED PENNANT COMPETITION INCLUDING FINALS

The Metropolitan Pennant Competition General Conditions will apply for the entire Pennant Season, including finals. Clubs will be held responsible in ensuring that selection decisions are consistent with the concept of a graded competition and be mindful at all times of the importance of the integrity of the competition in those decisions.

The Integrity Rule is in question when:

1. A player(s) is selected to play in a Lower Division when they should otherwise be playing in a Higher Division, if the objective of this selection is to strengthen the Lower Division to gain an advantage.
2. A player(s) of the opposite gender is selected to play in an Open Gender Side or as a Cross Gender Substitute if the objective of this selection is to strengthen a Division to gain an advantage.

Examples of strengthening a Lower Division to gain an advantage include:

1. Trying to win promotion to a higher division.
2. Trying to qualify to play in finals.
3. Avoiding demotion.

There may be cases where a perceived advantage may be gained by dropping a player(s) from a Higher Division to a Lower Division, but it is NOT considered a breach of the Integrity Rule. For example, where a pennant fixture for a particular game is re-scheduled so that it is not at its usual time or on its usual day. In this case, if a player(s) is not able to play in this re-scheduled game due to a legitimate reason such as work, study, family etc, then they should be allowed to play in a Lower Division without breaching the Integrity Rule. The key in this example is that the objective of the selection is NOT to gain an advantage, but to allow a player(s) to still play pennants in a Lower Grade due to legitimate circumstances that prevents them from playing in their usual division.

Note that the Integrity Rule is NOT intended to prevent players from being dropped due to a lack of form or for a side to forfeit due to lack of players.

Open Gender Divisions Selection

All eligible players (see rule 12 in these conditions of play for eligibility) should be considered on an equal basis when selecting Open Gender Pennant Sides and be chosen on a skill level basis and not on gender.

Clubs should be prepared to defend their Selectors' decisions. As such, the onus will be on the Club to mount a defence, rather than on the relevant Committee to prove that the Integrity Rule has been breached.

6.1 Selection Restrictions for all Pennant Finals

- (i) A player must have played a minimum of four (4) pennant games in that colour and/or division to be eligible for finals.
- (ii) Where a club has two or more teams in the same colour a player must have played a minimum of four (4) pennant games in that side to be eligible for finals. If it is the clubs lowest division or no eligible players are available, permission may be sought in writing to play someone from the same division but a different colour in finals.
- (iii) Cross Gender Substitutes will not be permitted to play finals.
- (iv) A club may promote a player to play finals in a colour and/or division higher than their regular colour and/or division if they have played a minimum of four (4) pennant games in a lower division.
- (v) A player who has played in a final in a lower division/colour is eligible to play in a subsequent final in a higher division/colour.
- (vi) When a pennant competition has divisions with less than eighteen (18) rounds, the Bowls WA Game Development Committee reserves the right to adjust the qualifying number of games for finals to a number less than four (4) pennant games.
- (vii) A club may apply to Bowls WA in writing to demote a player to play finals in a colour and/or division lower than their regular colour and/or division if they have not played a minimum of four (4) pennant games in the lower division only if not enough eligible players for that division are available or there are not enough players available from a lower division to be promoted.

METROPOLITAN PENNANT COMPETITION - GENERAL CONDITIONS

Note: Any club that believes a violation of the Graded Pennant Competition has occurred should put in writing their concerns to Bowls WA via their club secretary.

Alternatively, if Bowls WA believe a violation of the Graded Pennant Competition has occurred, they have the ability to investigate without a written complaint from a club.

Bowls WA have the grounds to declare a forfeit against the team of a Club where Bowls WA deems that the Club, without a satisfactory explanation to Bowls WA, is deemed to have played a number of regular players from a higher ranked team in a lower ranked team at any time during the pennant season, in a manner likely to gain an unfair advantage or to distort the rankings of the lower ranked grade.

7. SCHEDULING AND RESCHEDULING OF FIXTURES

- (i) All games shall be played in accordance with the most recently published fixtures and conditions of play.
- (ii) Fixtures may be rescheduled for player protection according to conditions outlined in **Metropolitan Pennant General Conditions Rule. Player Protection.**

 - ▶ No Pennant fixture venue may be changed at any time due to inclement weather at the scheduled home venue

Note: When the host club permanently closes their green/s for the day prior to the Umpire of the Day being called upon to make a decision under rules 8.2.1, the club may be later asked to justify that decision if visiting teams see fit to protest the clubs decision to close their greens.
