

BUREAU OF METEOROLOGY WEATHER APP INFORMATION

The following Information has been provided by Bowls WA to be read in conjunction with the Leeming Bowling Club's proposal to measure the temperature in place via the BOM Weather App instead of the current thermometers at each bowling club.

The Leeming Bowling Club have brought a very valid agenda item to the BWA Forum, which is hoped will encourage a lot of discussion. The following maps and information have not been provided to argue either way on the use of localised temperature gauges or BOM Weather Stations but rather to ensure all clubs understand where their nearest weather station is, and that the temperature given on their phone is not necessarily the exact temperature at the venue as explained by the Leeming Bowling Club in their submission.

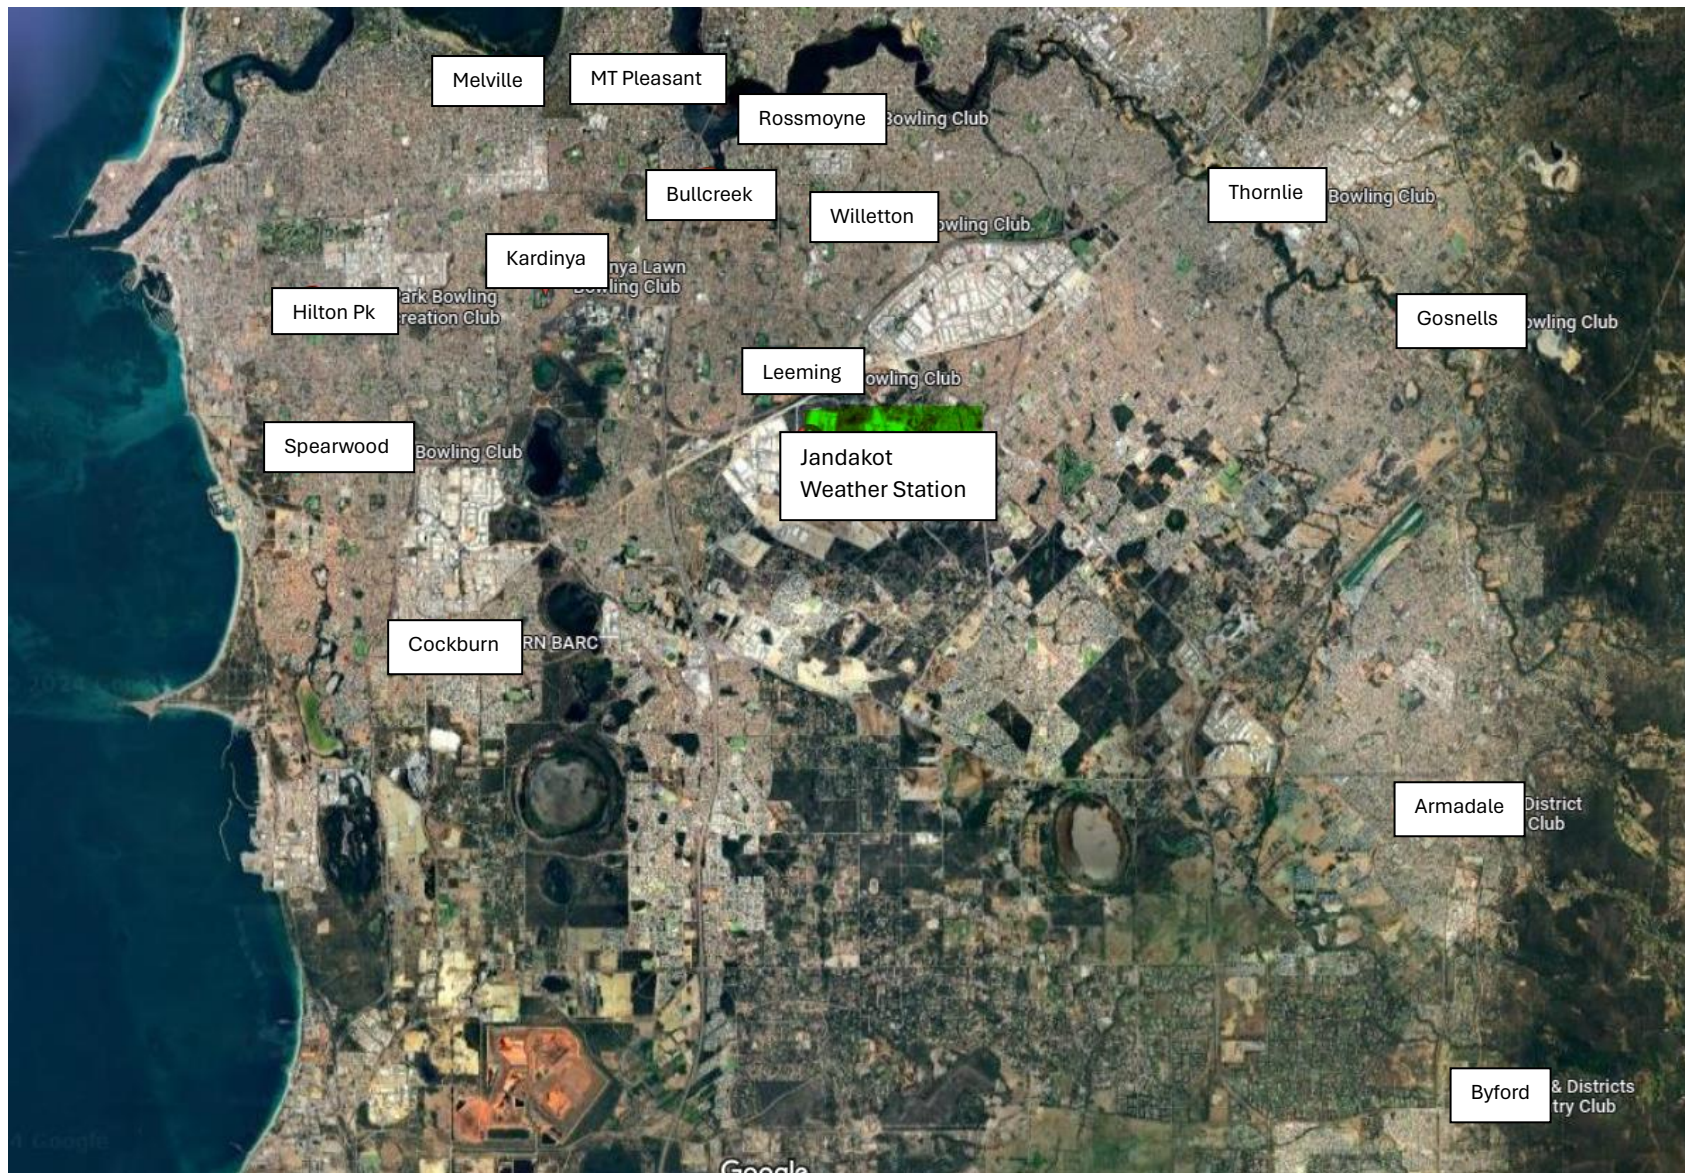

There are currently 12 Metropolitan Weather Stations in use

Perth, Perth Airport, Bickley, Garden Island, Gooseberry Hill, Hillary's Point Boat Harbour, Jandakot, Millendon (Swan Valley), Pearce, Rottnest Island, Swanbourne.

While you are able to find out which suburbs are covered by which particular weather station and the distance between the weather station and the central point of that suburb, it does not give exact measurements to any particular bowling club. It should also be noted that not every bowling club has the name of the suburb they are located e.g. Osborne Park BC is in Tuart Hill, therefore Tuart Hill has been used to work out the distance to the Osborne Park's nearest Weather Station. There are a number of other clubs in the same situation.

The maps provided and the distances given between bowling clubs and their nearest weather stations is only a guide and may not be exact. Every effort has been made to ensure the distances are as accurate as possible.

We can confirm that the Weather Station assigned to each club in this document is accurate and will be the one used if the Forum gives a positive response to the Leeming Bowling Clubs submission.

14 Bowling Clubs receive their current temperature off the BOM Jandakot Weather Station located at Jandakot Airport

Armadale distance to WS 16km, Bull Creek AFA distance to WS 6.5km, Byford distance to WS 18.6km, Cockburn distance to WS 7.8km, Gosnells distance to WS 11.0km, Hilton Park distance to WS 8.0km, Kardinya distance to WS 7.0km, Leeming distance to WS 1.8km, Melville distance to WS 10.5km, Mt Pleasant distance to WS 9.5km, Rossmoyne distance to WS 7.0km, Spearwood distance to WS 7.4km, Thornlie distance to WS 11.0km, Willetton distance to WS 6.0km

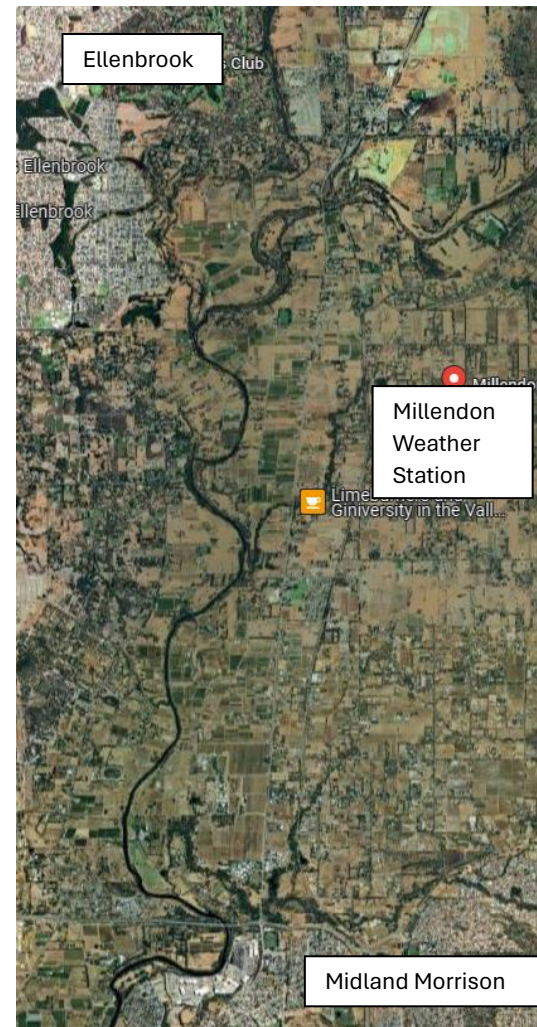

21 Bowling Clubs receive their current temperature off the BOM Perth Weather Station located in Mt Lawley.

Bassendean distance to WS 7.4km, Bayswater distance to WS 4.7km, Bedford distance to 2.4km, Belmont City distance to WS 9.0km, Como distance to WS 8.5km, Doubleview distance to WS 9.5km, Inglewood distance to WS 0.0km, Innaloo distance to WS 8.5km, Lake Monger distance to WS 4.5km, Manning distance to WS 9.8km, Maylands distance to WS 5.6km, Morley distance to WS 4.9km, Mt Lawley distance to WS 1.8km, Nollamara distance to WS 6.4km, North Perth distance to WS 2.1km, Osborne Park distance to WS 5.4km, Perth & Tatts distance to WS 4.5km, South Perth distance to WS 8.0km, Stirling distance to WS 7.5km, Victoria Park Carlisle distance to WS 8.0km, Yokine distance to WS 2.4km

1 Bowling Club receives their current temperature off the BOM Pearce Weather Station located at Pearce RAAF.

Bullsbrook distance to WS 2.7km

2 Bowling Clubs receive their current temperature off the BOM Millendon Weather Station located at Millendon (Swan Valley).

Ellenbrook distance to WS 6.5km, Midland Morrison distance to WS 4.6km

3 Bowling Clubs receive their current temperature off the BOM Gooseberry Hill Weather Station located in Gooseberry Hill.

Glen Forrest distance to WS 6.5km

Kalamunda distance to WS 1.4km

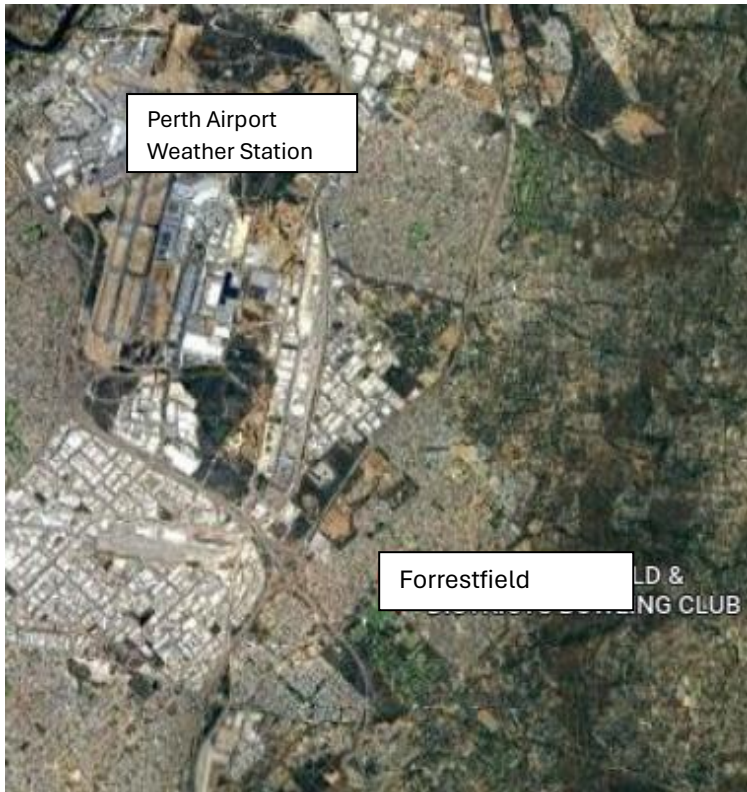

Mundaring distance to WS 11.0km

2 Bowling Clubs receive their current temperature off BOM Bickley Weather Station located at Bickley

Pickering Brook distance to WS 6.0km

Roleystone distance to WS 13.8km

1 Bowling Club receives their current temperature off the BOM Perth Airport Weather Station located at Perth Airport.

Forreestfield distance to WS 8.1km

4 Bowling Clubs receive their current temperature off the BOM Garden Island Weather Station located on Garden Island

Kwinana distance to WS 11km

Rockingham distance to WS 8.0km

Safety Bay distance to WS 8.3km

Warnbro distance to WS 14.0km

8 Bowling Clubs receive their current temperature off the BOM Swanbourne Weather Station at Swanbourne

Cambridge distance to WS 3.7km, Dalkeith/Nedlands distance to WS 6.1km, East Fremantle distance to WS 10.6km, Fremantle distance to WS 10.6km, Hollywood Subiaco distance to WS 3.7km, Mosman Park distance to WS 5.3km, North Beach distance to WS 9.5km, Scarborough distance to WS 6.5km

6 Bowling Clubs receive their current temperature off the BOM Hillary's Point Boat Harbour Weather Station at Hillary's

Joondalup distance to WS 8.4km, Merriwa AFA distance to WS 22.0km, Quinns Rocks distance to WS 20.3km, Sorrento distance to WS 2.9km, Wanneroo distance to WS 10.3km, Warwick distance to WS 6.5km

1 Bowling Club receives their current temperature off the BOM Gingin Airport Weather Station at Gingin Airport

Yanchep distance to WS 24.9km
